2025 Annual Report

The port of the future: AN ECONOMIC DRIVER

Ferrol Puerto

Autoridad Portuaria Ferrol - San Cibrao

Our STRATEGY
The 4 pillars of growth

Growth and consolidation

Development of services to attract new logistics chains

Infrastructure optimisation

Historic investments to connect our port with the world

Sustainable development

Driving the economy of the surrounding area, ensuring a lasting impact

Operational excellence

Economic profitability
Social responsibility
Environmental commitment

2025 RESULTS
Return to growth

7 million tonnes (+5.23%)

COAL TRAFFIC DOWN:
-52%

REDUCTION IN BAUXITE:
-8,58%

We are overcoming the energy transition and industrial transformation

PORT OF FERROL

Growth of 16.51%
+33.16% general cargo
+22.16% liquid bulk
(driven by LNG and fuel oil)

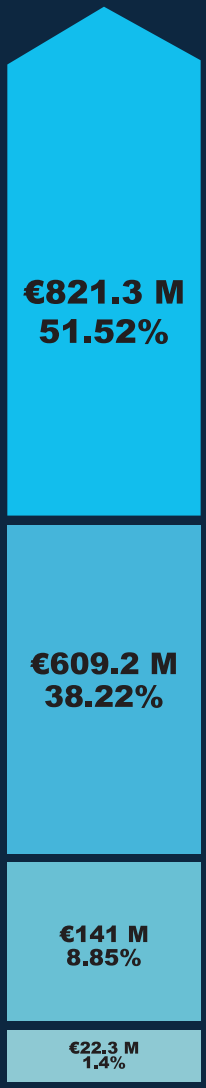

The major driver: THE RAILWAY CONNECTION

Investment of
141
million €

85%
COMPLETED

€1,594 MILLION HISTORIC INVESTMENT

Growth and infrastructure

Operational excellence

Railway access

Drive for sustainable development

EXTERIOR PORT

Leading the offshore WIND SECTOR

Our docks have been transformed into a European hub for renewable offshore energy. We have consolidated strategic alliances with local industry (Navantia and auxiliary companies) to become a key player.

+273%
Annual growth in traffic related to offshore wind

108,550 Tonnes
handled in 2025

The arrival of the AUTOMOTIVE SECTOR

The arrival of Chinese automotive giant SAIC at the Port of Ferrol's Outer Port represents a significant milestone in the economic and logistics development of our region. It also contributes to the creation of a new generation and the development of a strong auxiliary industry.

The best news of 2026

Expansion of CONTAINER TRAFFIC

Ferrol Container Terminal (FCT) recorded one of the best years in its history in 2025, attracting new regular shipping lines.

+72%Tonnes
233,049 Tonnes

+59% TEUs
22,546

Strategic alliances in CRUISE TOURISM

New alliance with Global Ports Holding, the world's largest cruise port operator, to manage the Ferrol cruise terminal and position it as a first-class tourist destination.

20 cruise calls

16,627
passengers

+35.20%

Recognition as an
ECONOMIC DRIVER

2023 was a complex year for our port, representing a major shift: from handling coal and other bulk products to attracting major manufacturers and producing higher-value-added goods. Nevertheless, the figures from the study on our impact on the territory are remarkable:

€705 M
total production

€307.4 M
7% of the GDP of Ferrolterra and A Mariña Lucense

4,248
direct jobs

GROWTH WITH ENVIRONMENTAL COMMITMENT

GREEN ENERGY ZERO EMISSIONS

We integrate climate risks into our infrastructure management, transitioning towards a decarbonised energy model.

Zero emissions (Scope 2)

We purchase **2,758,399 kWh** of renewable energy annually, covering **100%** of our own consumption and that of third parties.

Cold Ironing (OPS)

Investment of **€17.5 M** to electrify the docks. This allows ships to switch off their engines while berthed, reducing noise, emissions and air pollution.

Self-consumption

Concession currently being processed with P.W.R. Capital Energy for photovoltaic generation at the Outer Port.

A port for the
FUTURE

We have transformed through diversification and a series of strategic commitments with new added values that ensure we remain a port for the future.

Connected
A world-class rail and maritime network.

Sustainable
Leading offshore wind and working towards zero emissions.

Committed
Generating 7% of GDP and helping to build our city.

Ferrol Puerto

is already underway!

A PEOPLE-FOCUSED Port

We work towards port-city integration.

· We improve access, expand pavements and improve urban furniture.

· Cycle lane and pedestrian connection from Curuxeiras to A Cabana.

· 2 disused car parks with 263 new parking spaces in high-traffic areas.

Organisational talent for WELL-BEING

We aim to remain an employer of choice. Caring for our team is the first step towards delivering operational excellence (Affiliated with the Luxembourg Declaration and the Spanish Network of Healthy Companies)

APFSC VITAL PLATFORM

· Nutrition
· Sport and health
· Socialisation and information

The multiplier effect of PROSPERITY

Every euro invested and every tonne handled generates a ripple effect of well-being and prosperity for the territory.

· €1 of production generates €2.48 in the local economy.

·Every job at the port generates 4 jobs in the area of influence.

· Without maritime transport, we would lose €700 M per year.

INNER PORT

Port Authority of
Ferrol - San Cibrao

Muelle de Curuxeiras, s/nº.
15401 Ferrol, A Coruña,
Spain.
